

How to maintain a Safe Parties

Buy from trusted sites

Make sure you make your purchases on well-known platforms and avoid opening suspicious links or links from unsolicited emails.

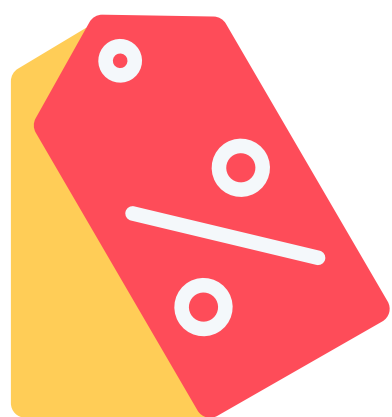

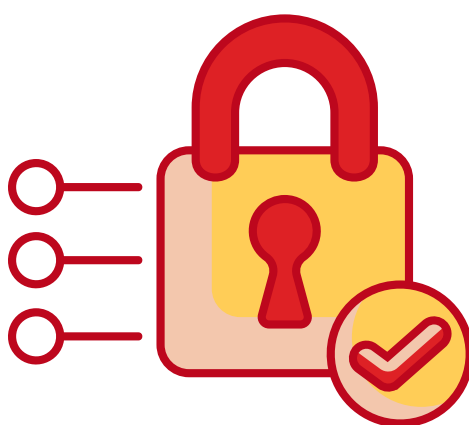

Use secure payment methods

Opt for the use of virtual cards or intermediary platforms such as PayPal to minimize risks in case of fraud.

Activate your MFA

Protect your important accounts by enabling two-step verification to make unauthorized access more difficult.

Be wary of offers that are too good to be true

Cybercriminals often use attractive promotions to trick you. Verify the authenticity of the offers before making any purchase.

Enjoy the holiday season with joy and cybersecurity!
