

DON'T BE AFRAID OF THE SCAREWARE

Scareware is malicious software that scares users with alarming messages about threats on the device.

WHAT SHOULD I DO ABOUT SCAREWARE?

-  Do not click on pop-ups.
-  Do not download unofficial software.
-  Check for the warning signs of a scam.
-  Back up your data.

REMEMBER!

IF YOU FALL FOR THE SCAM AND DOWNLOAD THE PROGRAM, YOU COULD INSTALL MALWARE OR ALLOW SCAMMERS TO ACCESS YOUR INFORMATION.
